

## Certificate of Conformity

### **Moulded fibre packaging,**

- **Hartmann Tønder, Denmark**, Paper Grades: PTO White, PTO Special
- **Hartmann Varkaus, Finland**,
- **Hartmann Schwedt, Germany**,
- **Hartmann Babolna, Hungary**,
- **Hartmann Bilokalnik, Croatia**

The products mentioned above are packaging papers intended to come into contact with foodstuffs. They were tested at our department on the content and the release of restricted substances listed in different regulations as

- Council of Europe Resolution "Paper and Board intended to come into contact with foodstuffs" (ResAP(2002)1),
- Recommendation XXXVI of the Federal Institute for Risk Assessment (BfR), Berlin, Germany,
- Industry Guideline for the Compliance of Paper & Board Materials and Articles for Food Contact, Issue March 2010,
- National (NON-EC) provision on paper and board (food contact material), (143/93), Finland,
- Warenwet, Netherlands,
- Decreto ministeriale 21 marzo 1973, Italy,
- Verordnung über Bedarfsgegenstände 23.11.2005, Switzerland,
- Guide de bonnes pratiques 15 Avril 1998, France.

Internationally recognized and validated methods of analysis for testing including the investigation of migration of contaminants according to DIN EN 14338 were applied.

Based on the test results it can be stated that moulded fibre packagings according to the sample material submitted may be used safely for food packaging. They may stand in direct contact with

- dry, non fatty foodstuff,
- foodstuffs, which are peeled or washed before consumption.

In addition the products meet the demands of the

- Council Directive 94/62/EEC of 31 December, 1994, regarding packagings and packaging waste, and
- Council Directive 2005/84/EEC of 14 December, 2005, regarding phthalates in toys and childcare articles.

This certificate of conformity is valid from July 2011 on.
